Firescreen, Inc.

The Genesis Twin with the Fireview Option

The Genesis Bi-Fold Standard

The Genesis Trimline Frame

## Exclusive Features.....

The Genesis is an all purpose custom built fireplace door. The Genesis can be used with many uniquely shaped openings. The different styles and options of the Genesis door make it possible to provide thousands of different combinations for small or very large openings. The doors can be built with slim or wide frames on the top, bottom, and/or sides.

### All of the Genesis line features:

- Heat Tempered Glass
- Double Wall Insulated Frames
- Recessed or overlapping fits
- Bakecoat Protective Finishes
- Maximum Glass View
- Visual Draft Control
- Decorative Hardware
- Spring Released Glass Doors
- Bi-Fold or Twin Door Models

### Metal Finishes:

Available in eleven premium metal finishes:

- Solid brass - polished, antique or satin
- Plated brasses, polished or antique
- Plated copper, polished or antique
- Polished or Smoked Chrome
- Brushed Nickel
- Any combination of the above metals and finishes

### Options:

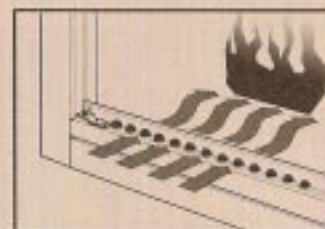

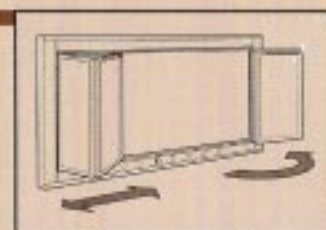

- Heavy Wire Mesh Screen
- Visual Vents, Hidden Vents or No Vents
- Foldback Doors
- Louvered Doors for Zero-Clearance Units
- Fireview look ("No Vertical Bars")
- Smoked, Bronze or Clear Glass (Clear is standard)
- Also available as a supplemental complement:  
The versatile *Emberaire™* or the *Gas Log Hearth Heater*.
- Trimline Frame Construction

### Warranty:

One year limited warranty on broken glass and metal parts for their replacement only. This does not cover damage due to user negligence. Further, Custom Firescreen Co., Inc. assumes no responsibility for improper installation of this product.

### Foldback Option

The only glass door that opens with the ease of a twin door then folds back against itself while swinging 180° flush against the wall.

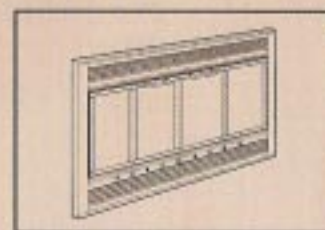

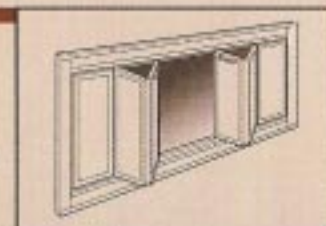

### Hidden Damper Option

This option allows a design that has no visible vent holes in the bottom of the frame.

### Fixed Panel For Large Doors

Available for Twin Doors over 45". Bi-fold Doors over 52" require fixed panels.

### Multiple Louvered Door Options

Multi-Louvers (available for any size - any door location.) Custom Baffle Plates for sealing the door to the firebox. Louvers can be hinged for access to damper handles.
